HOW WE WORK WITH YOU ON FEES

Our fees for estate planning packages range from \$750 to \$3,000, depending on whether the client is married or single, the complexity of the client's estate plan, and the nature and value of the client's assets. During the free one-hour initial consultation, we will review your estate planning needs and will propose an estate plan to fit those needs. The estate planning package proposed will include all documents necessary to carry out your estate plan. The flat fee for the estate plan will be quoted at the end of the initial meeting. You are under no obligation for any payments before or after the free one-hour initial consultation. If you decide to proceed with your estate plan, we will ask for one-half of the fee at that time. The balance of the fee will be due when you sign your documents. We accept personal checks, American Express, Mastercard, Visa and Discover cards.
